A Level Accounting

Accounting at Runshaw College successfully supports students in starting to build their careers in Accounting, Finance and Business. A number of our previous students have moved on to world-class study, including:

- The PWC Flying Start Degree in Accounting & Finance at the Universities of Manchester, Newcastle., Nottingham and Reading
- Prestigious school leaver programmes with industry leading firms including KPMG, PWC, EY, Deloitte, RSM & BDO.
- Studying at Russell Group Universities including LSE, Durham, Manchester and Liverpool.

Some of these students will earn whilst they learn! Those on sponsored degrees will not only get to experience university life, but will also undertake three paid work placements in office with PWC gaining invaluable experience of the profession within the environment of a big 4 firm! These students will also complete 80% of their ICAEW exams on the degree, meaning they will be just over a year away from the full qualification once they graduate! Those choosing the school leaver path receive on the job training. From day one these students will be client facing working as a key part of a financial services team! Alongside this, they will also complete their professional exams meaning that they can achieve their full L7 chartered status by the time they are 23! All whilst earning a competitive salary!

Runshaw students receive excellent support from Accounting tutors who themselves are also examiners. Furthermore, we regularly have speakers from industry and students are also given opportunity to engage in events to help prepare them for life after college including entering competitions such as The Future Leaders Project and trips to firms including RSM which give insight into their next steps and help prepare them for assessment centres. Students also supported in applying for work experience programmes with some of the biggest names in industry!

Studying Accounting really does offer many opportunities from developing your data skills, judging and justifying your decisions and an economic awareness including the potential to access an exciting world with high salaries and global travel. Financial acumen will help you succeed in many different careers! If you think about it, understanding money is important for in all areas of business, not just accounting and finance! After all money makes the world go around!

What will I do? You will learn how to prepare and analyse key financial statements, and how to offer solutions to different types of business. This will equip you will key employability skills such as problem solving, using initiative and perseverance.

Entry Requirements:

A minimum of 5x Grade 5s, including English & Maths.
