Quality Practitioner Level 4

Individuals will be responsible for providing Quality duties within the following key areas:

An employee in this occupation will be responsible for All aspects of quality in his/her area of responsibility, such as production or procured goods. This responsibility will be discharged through engagement with those accountable for product/service delivery, such as production / service managers, in order to meet Key Performance Indicators, such as Right First Time measures and Service Level Targets.

- Support Senior Quality Practitioner and Leaders to formulate Quality Strategy
- Contribute to the management of customer satisfaction and supplier performance
- Deploy Quality Policies and Governance
- Guide and support others to improve quality competency and performance
- Plan and Conduct Audits and other assurance activities
- Develop Quality Control Plans for products/ services
- Provide guidance on use of methods/tools to improve quality performance
- Solving Quality problems, such as non-conformances, and overcoming challenges to the implementation of solutions
- Effective application of quality risk management and mitigation to drive new products/services development

Delivery Model:

Four weekly Teaching and Learning sessions on teams, lasting on average one and a half hours and eight weekly Reviews with line manager.

Duration:

14 + 6 months EPA

Entry Requirements:

GCSE English and maths at A*-C / 9-4 or equivalent.

Relevant work experience in a quality/improvement practitioner role or has achieved a L3 qualification in an appropriate standard (for example; Business Administration, Customer Services). Competent computer skills (qualification not required). Typically, apprentices will be working towards a competent role in quality control or quality assurance.

If you do not hold the necessary grades, you may have the opportunity to complete a functional skills course alongside your apprenticeship. Suitability will be determined following an initial assessment and diagnostic. Your programme duration may be extended to allow for functional skills.

Career Development:

- Project Quality Engineer
- Quality Assurance Officer
- Regulatory Affairs Specialist
- Senior Quality Practitioner

Main learning objectives
