UAL Level 2 Creative Media Production

Creative Media Production at Runshaw College offers a practical, work-based approach to learning, based on the audio, digital, interactive, television and film industry. Our students develop their skills based on realistic workplace situations – these for example include video, photography and digital creative briefs. This course is about experimenting and finding your creative voice. You will have the freedom to express yourself and work within different media forms.

To develop our students' skills further, we operate an open access policy to use production equipment outside of class hours. With staff here having industry experience to call on, our students pick up the skills needed to meet the requirements of the course and more.

The course includes a range of different activities to develop our students' employability. The department offers a wide range of different media inspiration activities that complement your studies, as our learners have guest speakers from independent media and digital production companies, workshops in digital effects, animation, lighting and specialist camera operation complete our hands on course. Enrichment activities include the opportunity to work for RunshawTV our in-house video production company, to enter film festivals and work on client based digital projects. We also include visits to the cinema, television studios and radio stations.

Our vocational programme is the first step in getting you a career in the industry; we provide the foundations to allow our learners to be successful and many continue onto our Level 3 course in Creative Media Production.

With a qualification and a number of potential future pathways for further study, Level 2 Creative Media Production will help you to build a potential career in Media, TV and Film. If this prospect excites you, then this is the course for you!

Entry Requirements:

A minimum of 4 x Grade 3s, including English Language or Literature. Please note you will also resit your Maths & English if they are not a 4 or above.

What's great about this course?

Creative industry enrichment

Develop employability skills
