Thinking about a career in travel and tourism? Our Level 2 course is a great starting point. It's designed to help you improve your academic writing, build confidence, and explore the exciting world of tourism.

You'll take part in real industry placements, giving you hands-on experience and helping you discover which roles suit you best. We also work with tourism employers to make sure what you learn reflects what's happening in the industry right now.

Expect guest speakers, site visits, and practical activities that bring the subject to life and support your learning. You'll be assessed through reports, presentations, role plays, vlogs, blogs, and group work—no exams,

just coursework that helps you develop key skills like communication, organisation, and teamwork.

By the end of the course, you'll be ready to move on to our Level 3 Tourism Management programme, start an apprenticeship, or go straight into employment in this fast-paced and diverse sector.
